Request sanction to the grant of land measuring 12009 sq yards to the North of Narasimharaja Colony, to the Acharya Patasala, Basavangudi, for the Constructing a school building, free of cost on certain conditions

1 The Patasala is still in its infancy, having been started in 1935

2 The institution has not got sufficient funds to put up a building

3 From the report for the year ending 1936-37 & the half yearly ending 31st Dec 1937, it is seen that a sum of Rs 3000/- has been subscribed for towards the permanent fund & only sum of Rs 1500/- has been collected (Vide Para 7 of the report)

4 One of the conditions in granting the land is that the building shd be put up within one year of the Grant from the funds now available with the credit of the Institution it is perhaps not possible to raise a building within one year.

SIR

I have the honour to state that the President, Acharya Patasala Committee, Basavangudi, applied for the land to the North of Narasimharaja Colony for purposes of erecting a school building free of cost The school is ascertained to have been started 2½ years ago and is imparting to the children of the locality, education of the primary and Middle School standards The strength of the school is about 300, consisting of both boys and girls This subject was considered by the Council at their meeting held on 11-5-1938 and they have resolved to grant the above land measuring 12009 Sq Yards free of cost subject to the following conditions -

1 The building should be raised within one year, from the date of handing over possession of the land

2 The land would be resumed by the Municipality if the purpose of the grant fails

The application of the President of the Patasala with the first and second annual reports of the working of the institution are forwarded herewith for favour of perusal

The institution appears to depend for the construction of the building on the donations that it has received and the subscriptions that it hopes to collect

I enclose a copy of the resolution and a plan for favour of -

28 Opinion of the City Improvement Committee dated 14th April 1938, that the land to the north of Narasimharaja Colony may be given to the Acharya Patasala at 0-4-0 per Sq Yard on certain conditions for a school building

Mr C N Narasinga Rao speaking on the subject said that if the land was given to the party on some nominal fee, the Municipality would have no hold when the party failed to abide by the conditions of grant and so suggested that as in the case of the land granted to Dr S P Chinnappa, the land may be given free to the party with a condition that in case of default of any conditions it would be resumed to the Municipality, without any compensation to the party

Mr B L Byanna seconded Mr C N Narasinga Rao

Then Mr C N Narasinga Rao's proposition was put to vote and

vote and passed unanimously

Sir,

I have the honour to state that the Acharya Pathasala at Basvangudi was started some two years back and has been doing yeoman's service in the cause of Primary and Middle School Education in the locality The School is managed by a Committee of management consisting of 14 members The present strength of the school is nearly 300 consisting of both boys and girls Realising the need for a school in this locality and also appreciating the work turned out by the Pathasala the Education Department have been pleased to grant Permanent Recognition to the school

Yet, the question of accommodation has been troubling the management very much The strength of the school is likely to increase in the near future and the present rented building is too inadequate to accommodate increased strength

Faced with this difficulty, in the circumstances explained above. I have the honour to approach you with request for the grant of a suitable site for the school need not mention again that this school supplies a real want (to use the language of Dr Sir K P Puttanna Chetty) both in quality and also in the rapidly growing new extension

i e the Sri Narasimharaja Co-operative colony The grant of a site midway between Basv ngudi and the New Co-operative colony, to the south of the Mallikarjuna temple on the southern side of the temple road, will be very useful for the school, if the extent granted is adequate for the raising of a school building and also for play grounds It is learnt that some site in the above locality has been reserved for public purposes, and may kindly be granted to this Pathasala free of cost so that, with its own habitation, the Pathasala might continue its public work with increased enthusiasm

Copies of opinions of some esteemed gentlemen regarding the work of the school, along with a copy of the Annual Report of the Pathasala for the year 1936-37 with a copy of the Resolution are enclosed herein for favour of kind persual and consideration

I have the honour to be,
Sir,
Your most obedient Servant,

T Bhujangappa

Thanks to the courtesy of Mr N Anantha Char, M A , I spent a very interesting morning in his ACHARYA PATASALA Mr Anantha Char seems to me to have found his mission if life He has gathered round himself a few talented teachers, and it is no wonder that the institution has attracted during the few months o it has been in existence about sixty of the brightest children in this part of Bangalore The methods of instruction are scientific and up-to-date, with an intelligent adaptation to the child's environment which must make them doubly effective I wish the Institution all success

(2) I had the privilege of presiding at the anniversary of the Acharya Patasala held on the 20th September 1936 This is an unique institution which owes its existence to Mr AnanthaCharya M A, one of the graduates of the Mysore University held in the grip of unemployment His career is remarkable He soon organized a private School and collected a band of patriotic workers and is making the school with a fair amount of success But he needs financial assistance sadly I hope the Department of Education and the Government will come to his aid and make libera grants for the better equipment of the School which is now maintained chiefly by public help and the collection of school fees Mr AnanthaCharya and his assistants are making great sacrifices in maintaining this institution and deserve well of the public The school supplies a real want

Basavanagudi,
17th April 37.

Lately I had the pleasure of presiding over the Parents' Day Celebrations of the Acharaya Patasala, Basavanagudi.

From the report read a. the time I was able to gather that the school had 1)0 students and 1. teach-rs on its rolls. There were primary as well as middle school classes. It was all the work of a single individual that is, Mr. AnanthaCharya M.A., the body and soul of the institution. In a very short period the institution had made splendid progress from its humble beginning. It was maintained only by the school fees and the public subscriptions. Very lately it got permanent recognition by the Government and hopes for a grant in aid in the near future. The teach rs though they could not be paid adequately were working very hard and were also responsible for the present progress and popularity.

It is a well known fact that there is a great demand for Primary Schools and Middle Schools throughout the State in general and in the cities of Mysore and Bangalore in particular, and that this demand cannot be met by the Government or the Municipalities on account of their balanced and deficit budgets. On this account the education is not rapidly progressing The only solution is that more and more private schools of this type should spring up. This can only be done by the help and cooperation of the Public.

This school is fortunate in securing the hearty co-operation and help of very influential, experienced and public spirited gentlemen serving on the committee of management I am sure their appeal for funds will not fall on deaf ears

I wish the school rapid progress and prosperity and hope that before long it will develop into a high school and meet the needs of the Extention.
